

Patriarchal Blessing Scavenger Hunt List

(So you know where to hide the Scavenger Hunt items? I chose to Scrapbook the back of the tags and then printed up the correlation between Patriarchal Blessings and the bread ingredients on the front of the tags and attached them to the items with tape or fibers/ribbons etc. Then I allowed the girls to take the tags home with them if they wanted to.)

Recipe Card: This small piece of our bread “instruction” is essential to us! Without it we won’t have any idea of what to do! So look to the big room where we receive instruction each Sunday. (Tape to Chapel Doors)

Yeast: This item can be used to give lift to our bread, so look in the place where we can receive lift to get up on the Church stage (Stairs up to the stage, or portable stairs near library)

Oil: This can be set apart and used to give us blessings, so check with the Priesthood Leadership we look to each week at Mutual (Bishop’s office or near it)

Flour: To find this essential piece you have this clue: in this place you can find those family members who came before us in time. (Family History Library)

Loaf Pan, with Nonstick Spray: This particular piece of our bread making equipment holds it all together. Find it near the place where we often find paper clips, tape and such to hold things together! (Library)

Sugar: This SWEET piece of our bread making ingredients can be found in the place where we hear SWEET music played in our opening exercises on Sunday. (Piano in YW Room)

Kitchen Timer: Without this piece of equipment our bread could be doughy or burned, so find it near the “timer” that we use to keep things on track on Wednesday nights! (Clock in Primary Room)
