

I chose words from the lesson that would make this puzzle a little more challenging. If you think it would be hard for the children in your class, you can do it all together. Otherwise, give them clues as needed to discover the words. Here are the answers to the puzzle: (1) Ammonihah, (2) mission, (3) Zeezrom, (4) obedient, (5) angel, (6) fasting, (7) temptations.

# WORD CIRCLES

The letters inside each circle spells a word from today's lesson. However, you have to decide where the word starts in the circle and which direction to read the word (right or left). The first one is Amulek. Can you figure out the rest?
