Cough Syrup / Medicine

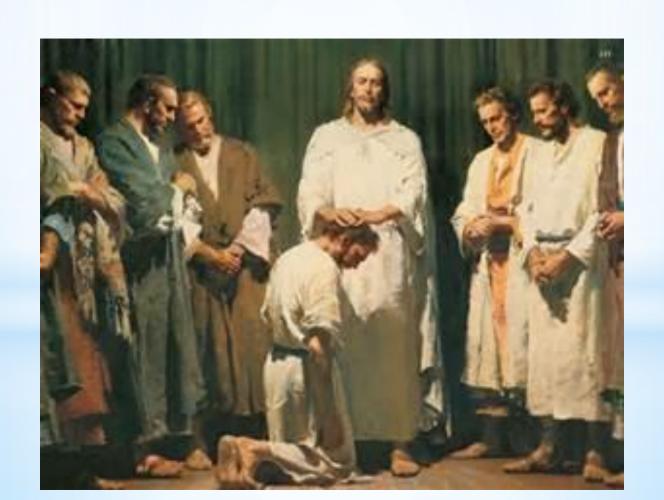

Almost everyone gets sick or hurt.

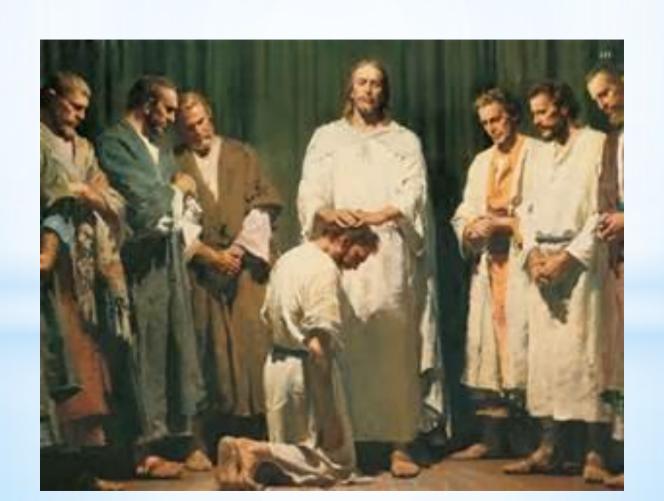

Sometimes hurts or sicknesses last just a little while and our parents can easily take care of us, but other times our illnesses are serious and our parents need to take us to a doctor for help.

There is another way we can be helped when we are sick.

*When Jesus Christ lived on the earth he blessed many people and made them well.

He used the power of the priesthood to heal them.

*What did the messenger tell Jairus? (See Luke 8:49.)

49 ¶While he yet spake, there cometh one from the ruler of the synagogue's house, saying to him, Thy daughter is dead; trouble not the Master.

*What did Jesus tell Jairus? (See <u>Luke</u> 8:50.)

50 But when Jesus heard it, he answered him, saying, Fear not: believe only, and she shall be made whole.

*Why do you think Jesus sent everyone out of the house except Peter, James, John, and the girl's parents?

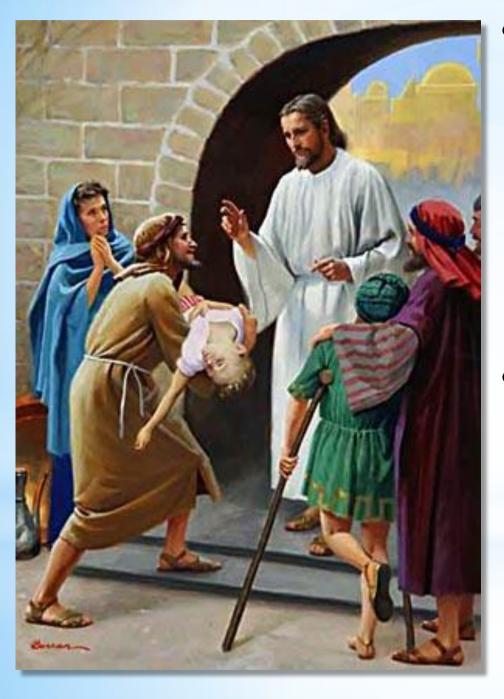

*Why do you think Jesus sent everyone out of the house except Peter, James, John, and the girl's parents?

*(Perhaps because the other people were laughing at him and did not believe he could heal the girl. They did not have faith.)

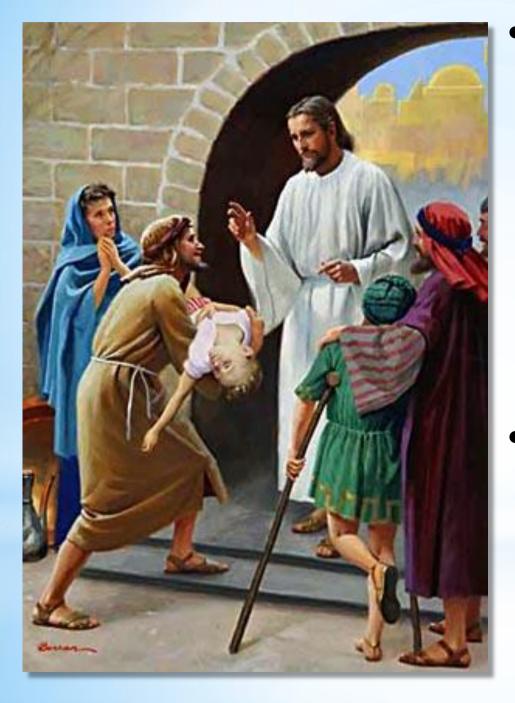

*Why was Jesus able to heal Jairus's daughter?

*Why was Jesus able to heal Jairus's daughter?

*(He had the priesthood; the girl's parents had faith.)

- Imagine how it would feel to have Jesus come to bless them when they were sick.
- Jesus loves each
 of you as much as
 he loved the
 children who
 lived on the earth
 when he did.

- Although he isn't here on the earth now, he has given righteous men the priesthood and the power to act for him.
- They can give us blessings to heal us just as Jesus would if he were here.

What is happening in this picture?

When men who hold the Melchizedek Priesthood give a blessing to someone who is sick, we call this administering to the sick.

Let's all say

"administer"

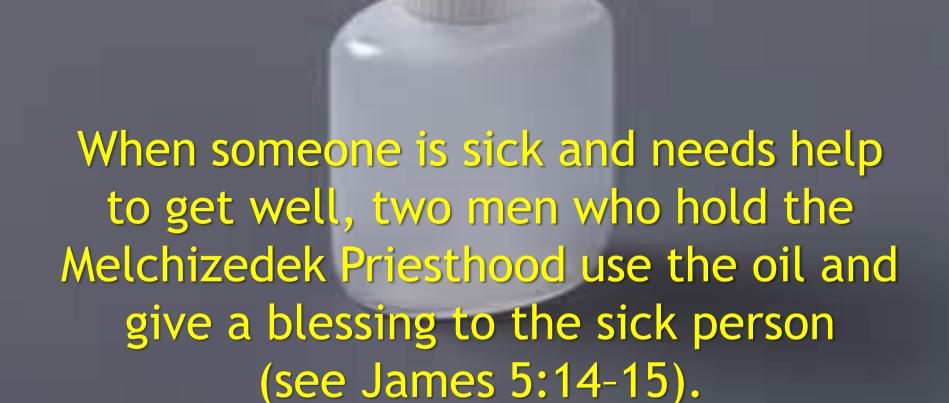

Let's all say it again

"administer"

Have you ever been administered to?

Have any of you received priesthood blessings or have seen other in your families receive them?

Let's listen to a story about how priesthood blessing helped Jessica's baby brother.

*When Jessica arrived home from school, her father met her at the door and told her that her new baby brother had been born that morning. The baby had come sooner than expected and was very tiny and weak. The doctor said the baby might not live more than a few hours.

Jessica could see how worried her father was. She was sad because she wanted the baby to live.

Jessica's father called one of their home teachers to come and help him give the baby a blessing. When the home teacher arrived, they all went to the bedroom where Jessica's mother and new brother were.

Jessica's father and the home teacher gently placed their hands on the new baby's tiny head, and Jessica's father blessed him to live to fulfill his mission on earth. Warm comfort and peace filled Jessica. She knew that because of the power of the priesthood, her little brother would grow and become strong.

*Heavenly Father and Jesus love every person who asks to be healed, but sometimes people are not healed even when they are administered to.

- *Others are not healed because it is the right time for them to die and go back to Heavenly Father (see <u>D&C 42:48</u>).

*We must have faith that Heavenly Father knows the best answer to each prayer.

game.

We are going to show you a description of things and people involved in administering to the sick.

You need to decide what picture fits the description.

Are you ready to play?????

1. I am used when a sick person is given a blessing. The priesthood holder puts a few drops of me on the sick person's head. What am I?

One day Jairus, a ruler of a synagogue, fell at the Savior's feet.

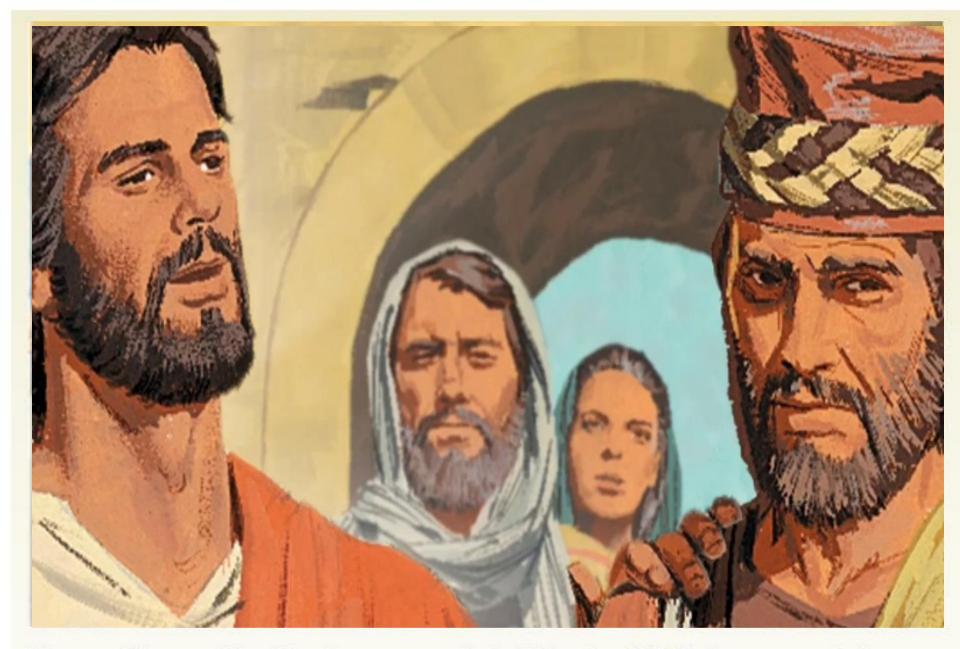

Jairus said that his 12-year-old daughter was very ill. He begged Jesus to come and bless her. He believed that Jesus could make her better.

Jesus started to follow Jairus home, but He stopped to heal a woman. As He was talking to her, someone came to tell Jairus that it was too late—his daughter was dead.

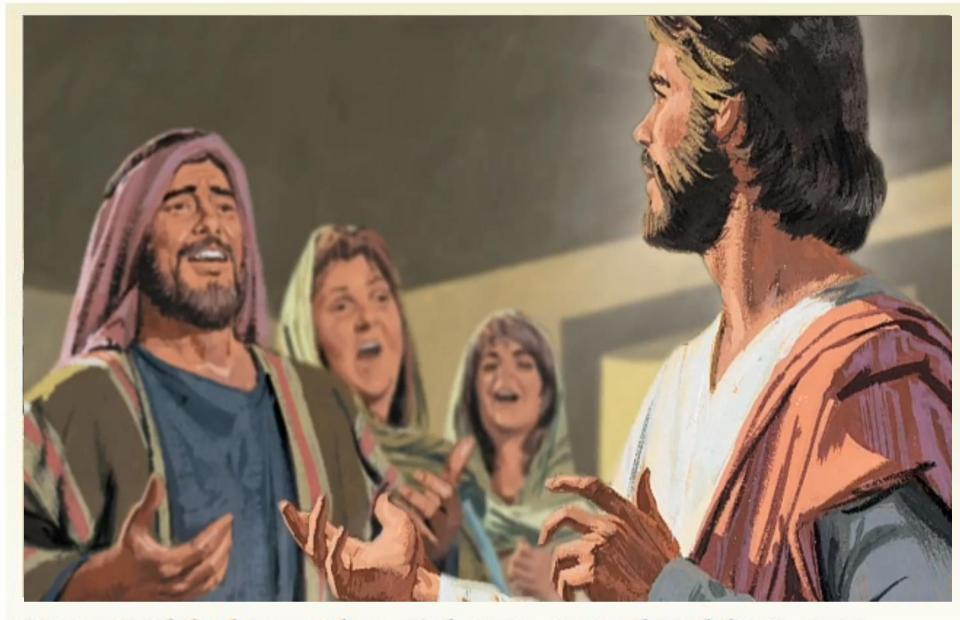

Jesus started to follow Jairus home, but He stopped to heal a woman. As He was talking to her, someone came to tell Jairus that it was too late—his daughter was dead.

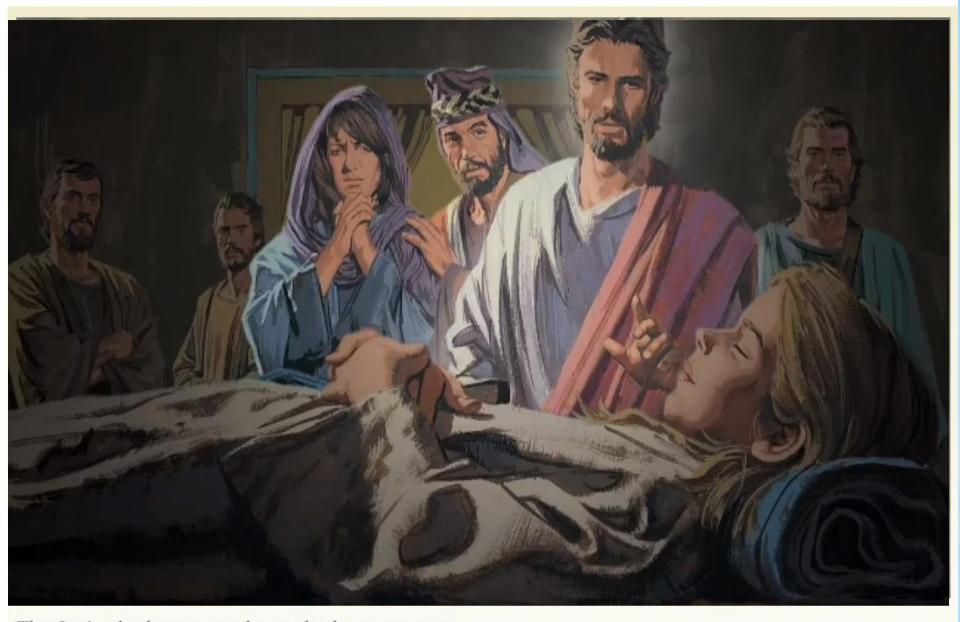

Jesus heard what was said. He told Jairus not to be afraid but to believe in Him.

Then Jesus went with Jairus to Jairus's house. The house was filled with people who were crying because of the little girl's death.

Jesus told them the girl was not dead but was sleeping. The people laughed at Him. They were sure the girl was dead.

The Savior had everyone leave the house except His disciples, Jairus, and Jairus's wife. They went to the room where the little girl was lying.

Jesus took the girl by the hand. He told her to get up. She stood up and walked. Her parents were amazed. Jesus told them not to tell anyone what had happened. Then He told her parents to give the girl something to eat.
